

ORBCOMM CONTINUES INTERNATIONAL EXPANSION

ORBCOMM services now available in five additional Caribbean countries

Rochelle Park, NJ, May 7, 2013 - ORBCOMM Inc. (Nasdaq: ORBC), a global cellular and satellite data communications company specializing in two-way Machine-to-Machine (M2M) communications and solutions, today announced that its satellite data communications services are now available in Belize, Cayman Islands, Trinidad and Tobago, Turks & Caicos, and the British Virgin Islands.

“This expansion of ORBCOMM service availability in the Caribbean region allows us to meet existing customer market access priorities, recruit new VARs and introduce ORBCOMM-based M2M solutions to key vertical markets in these countries,” said Christian Allred, ORBCOMM’s Senior Vice President of International. “International expansion continues to be a significant component of future growth at ORBCOMM as it provides our customers new sales channels with local providers. We continue to work toward securing approvals in other key regions around the world to further expand our global presence.”

About ORBCOMM Inc.

ORBCOMM is a leading global cellular and satellite data communications company specializing in Machine-to-Machine (M2M) communications and solutions. Its customers include Caterpillar Inc., Doosan Infracore America, Hitachi Construction Machinery, Hyundai Heavy Industries, Asset Intelligence (a division of I.D. Systems, Inc.), Komatsu Ltd., Manitowoc Crane Companies, Inc., and Volvo Construction Equipment among other industry leaders. By means of a global network of low-earth orbit (LEO) satellites and accompanying ground infrastructure, ORBCOMM’s low-cost and reliable two-way data communication services track, monitor and control mobile and fixed assets in our core markets: commercial transportation; heavy equipment; industrial fixed assets; marine; and homeland security. ORBCOMM based products are installed on trucks, containers, marine vessels, locomotives, backhoes, pipelines, oil wells, utility meters, storage tanks and other assets.

ORBCOMM is an innovator and leading provider of tracking, monitoring and control services for the refrigerated transport market. Under its ReeferTrak[®], GenTrak[™], and CargoWatch[™] brands, the company provides customers with the ability to proactively monitor, manage and remotely control their refrigerated transport assets. Additionally, ORBCOMM provides Automatic Identification System (AIS) data services for vessel tracking and to improve maritime safety to government and commercial customers worldwide. ORBCOMM is headquartered in Rochelle Park, New Jersey and has its network control center in Dulles, Virginia. For more information, visit www.orbcomm.com.
